Overview

We have many resources available to help our curriculum students find a job through our Career Center.

Look for/Post a Job

We use an online tool called Career Coach where local employers can post jobs they are looking to fill. Please follow the steps below to create an Employer account.

1. Go to employers.emsicc.com/abtech/signup.
2. Enter your information on the white “Sign Up” panel on the right.
3. Check the box acknowledging you have read the privacy policy.
4. Click “Create Account.”

After your account has been submitted and approved, you will be able to submit job postings.

Below is a link to the front-facing part of Career Coach where students/members of the public can search through job postings.
