Summary

Overview of where to locate scholarship information, how scholarships are disbursed, and whom to contact for questions about scholarships

Where to Find Scholarship Information

Scholarship information can be found on our website. For information about scholarships, go to abtech.edu/scholarships. Links on this page provide detailed information about the many scholarships that are available, including the application procedures and eligibility requirements for each scholarship. The application process and eligibility requirements vary depending on the scholarship, so you should review this page to see what scholarships you're eligible for and to learn how to apply.

How Scholarships Are Disbursed

Like other financial aid awards (such as Pell Grants and Direct Loans), scholarships are disbursed through BankMobile. All scholarships have different disbursement criteria, and each scholarship has its own requirements regarding how many credits a student needs to be taking in order to receive the scholarship.
