Library Card

Summary

How to get an A-B Tech library card

Library Card for Curriculum Students

A-B Tech issues a college ID card to students who are currently registered for classes that also serves as a library card. If you don't have a student ID yet, you'll need to request a card online and then pick it up at the Bailey Student Services Center (#5 on our campus map).

Next, bring your new A-B Tech ID card to the Don C. Locke Library (#6 on our campus map) so we can activate your card in the library's database.

With your library-activated photo ID card, you can check out materials. For more information about borrowing material and using research computers, please visit the Library FAQs.

Library Card for Distance Students

Students taking only online courses that live outside the Buncombe/Madison counties region and students taking curriculum courses *only* at an off-site location such as Enka, Madison, or Woodfin can use Distance and Off Site Student Library Services.

Library Card for Continuing Education Students and Residents of Buncombe and Madison Counties

A community library card is available for Continuing Education students, GED students, and residents of Buncombe and Madison Counties who are 18 years of age or older. You'll need to fill out an application at the Locke Library circulation desk and present a driver's license or other acceptable form of photo ID. Borrowing privileges with a community library card are different from curriculum student privileges. For more details, contact the library circulation desk at (828) 398-7301.

You can find more information about our library on our website, abtech.edu. Scroll over "College Resources" at the top of the page, click "Library", then select "About The Library" on the left.

Key Words: library card, ID card, photo ID, Buncombe County, Madison County
