Firefighter/Fire Protection Programs

Firefighter/Fire Protection Programs

Summary

Overview of the Fire Services programs offered by A-B Tech

Overview

A-B Tech offers Fire Protection programs to train firefighters and those interested in management.

Through our Continuing Education department, we offer a <u>Firefighter</u>

<u>Academy</u> to train new firefighters and <u>Firefighter Certification Classes</u> to increase knowledge and skills. These classes can prepare students for state certification tests but are not for college credit.

For additional information, contact John Wilson at <u>johnvwilson@abtech.edu</u> or (828) 782-2139.

Key Words: Fire, Fire Protection Technology, firefighter, fire fighter
