

# **Physician's Assistant Program**

## **Summary**

Information about obtaining a degree to become a Physician's Assistant.

## **Overview**

A-B Tech does not offer a Physician's Assistant program. This is usually a two-year graduate degree program offered to students who already have a Bachelor's Degree. [More information about Physician's Assistant programs](#) can be found from the American Academy of Physician Assistant's website, [aapa.org](http://aapa.org).

If you would like to start at A-B Tech and work towards obtaining a Bachelor's Degree and eventually a graduate degree to become a physician's assistant, an [Associate in Science](#) (A.S.) degree at A-B Tech may be a good place to start. This program prepares students to transfer from A-B Tech to a college or university that offers four-year degree programs.

More information about our [Transfer Programs](#) (including the [Pre-Physicians Assistant Pathway](#)) can be found on our website.

**Key Words:** physician's assistant, physician assistant, PA, medical assistant,
