Academic Program Information

Summary

Where to find information about a specific academic program

Overview

A full list of the academic programs currently offered at A-B Tech can be viewed on our website at abtech.edu/academicprograms. On that page, click on a category to view related individual programs and learn more about the course requirements for each.

Open Enrollment Programs

Most of the academic programs at A-B Tech are "open enrollment" programs, which means that any student can enter the program by completing the general College enrollment steps.

Selective and Limited Programs

Our Selective and Limited Programs have a very specific application process and timeframe. Student should first submit a general application to the college. On the "Enrollment Tab", you will see an option to "Choose the program of study/major that interests you most" (ex: Nursing Pre-Program-Admission). *Note: This is not an application to a Selective or Limited Program.*

The application will be done separately after you meet with a Student Advisor. Visit abtech.edu/selective-limited-admissions for more information.

More Information About a Program

For more detailed information than what's listed on our website, contact us at (828) 398-7900 or info@abtech.edu. We will connect you with the appropriate person to answer your specific questions.

Key Words: program, programs, academic programs, degree programs
