

Who Needs to Complete Placement

Summary

Help with determining whether or not you need to take a placement test

Overview

Placement helps A-B Tech assess your readiness to take college-level classes, and it helps us determine what level of English/math classes you should take first.

Placement Requirements

English and/or math placement is required for entrance into most academic programs and for any classes with English and/or math prerequisites.

Possible Placement Options

- High school transcripts
- GED/HSE transcript (2014 or later)
- Transfer credit in college-level English and/or math
You can send your college transcripts to A-B Tech
- An alternate test like the SAT or ACT
- The placement test (EdReady for English and ALEKS for Math)
