Handicapped Parking

Summary

An overview of handicapped parking on campus

Overview

All lots on campus have designated parking spaces for people with disabilities. To use one of these spaces, you must display the State of North Carolina "handicapped" placard. If you need temporary permission to use a handicapped designated space (for example, if you're in the process of applying or for short-term situations like a broken leg), you can contact the North Carolina Department of Transportation through their website at ncdot.gov.

If you have any additional questions, please feel free to contact our campus security office by going to the Event Center (building #18 on the campus map) on the Asheville Campus or by calling (828) 398-7115.

Key Words: handicapped, parking, placard, disability, security
