Career and College Promise (CCP) Programs

Career and College Promise (CCP) Programs

Summary

Overview of A-B Tech's Career and College Promise (CCP) programs for high school students

Overview

A-B Tech offers dual-enrollment opportunities for qualified high school students to earn college credit and accelerate completion of college certificates, diplomas, and associate degrees.

Information on high school student qualification and course offerings is available on our website at abtech.edu/ccp.

CCP Pathways

We offer two types of Career and College Promise (CCP) Pathways:

1. **College Transfer Pathways** can lead to completion of at least 30 semester hours of transfer courses, including English and mathematics. These courses transfer to all 16 campuses of the University of North Carolina system, as well as many private colleges in

the state.

2. **Career Technical Education Pathways** lead to a certificate or diploma aligned with a high school Career Cluster.

Tuition & Costs

CCP courses are **tuition-free**, but students must pay for any **lab fees and textbooks**.

Admission to CCP Programs

Information about applying for CCP is available at abtech.edu/ccp.

CCP Program Advising

Before each term, CCP students must meet with an advisor, who will discuss courses, coordinate with the school, and register the student for classes. Online registration is not currently available for CCP students.

You may find your advisor contact information based on your high school, by going to abtech.edu/ccp and clicking on Who to Contact About CCP. If you do not see your high school on this list, please call (828) 398-7900 for assistance.

Additional Option for High School Students

Cooperative Innovative High Schools (Early and Middle College) provide a different opportunity to complete high school and take college classes.

Key Words: early college, dual enrollment, dual enrolled, Career and College Promise, CCP, high school, College Transfer Pathways, Career Technical Education Pathways, Cooperative Innovative High Schools
