

How-To Change Your Student Email Password

1- Login to your student email and click the small triangle beside your email address.

2- A window will open; click on the word “Account”.

3- Select Security” from the horizontal tab then click on “Change password”.

4- Fill in the fields and click “Change Password” button. Your new password must be at least 8 characters long.

Change your password

Enter a new password for [redacted]@students.abtech.edu. We highly recommend you create a unique password - one that you don't use for any other websites.

Note: You can't reuse your old password once you change it.

This screenshot shows the "Change Password" form. It contains three input fields: "Current password", "New password", and "Confirm new password". A red arrow points from a text box labeled "Fill in fields" to these three input fields. At the bottom of the form, there are two buttons: "Change Password" (highlighted in blue) and "Cancel". A red arrow points from a text box labeled "Click Change password" to the "Change Password" button.

5- Use your new password when you login next time.
